INSTALLATION INSTRUCTIONS

The Hybrid Braai is a free standing unit, designed to be built into a cabinet. The cabinet housing the Hybrid Braai should still be lined with a fire retardant material before installation.

Take care to ensure your permanent Gas Installation is fitted with Copper Piping for a minimum of 1 meter leading to the inlet of the Hybrid Braai to ensure compliance with South African law.

- * Installation must be done by a certified gas installer.
- * For outdoor use only.
- * For domestic use only.
