

QUALITY POLICY

CHAD-O-ENGINEERING recognizes that the disciplines of quality, health and safety and environmental management as an integral part of its management function. The organization views these as a primary responsibility, to be the key to good business in adopting appropriate quality standards and policies

The Organization Quality policy calls for continuous improvement in its Quality Management activities and business will be conducted according to the following principles and statements:

We will:

- Comply with all applicable statutory laws and regulations and governance protocols
- Follow a concept of continuous improvement and make best use of its management resources in all quality and business related matters
- Communicate its quality objectives and its performance against these objectives throughout the organization and to interested parties.
- Work closely with our clients and suppliers to establish the highest quality standards.
- Work closely with clients to ensure delivery of highest quality to client requirements and Customer benefit.
- Adopt a forward-looking view on future business decisions, which may have quality assurance impacts.
- Train our staff in the needs, aspects and responsibilities of quality management
